AD 500.1226

A blank sheet of white graph paper with a light gray grid. The grid consists of small squares. A dashed red line forms a right-angled triangle in the top-left corner. A solid black line runs diagonally from the top-left towards the center. Two dashed green lines run parallel to each other, sloping upwards from left to right. On the left edge, there are some faint markings, including what looks like a small blue square and some numbers or letters that are partially cut off.[illegible]

This is a detailed site plan of a property, likely a commercial or industrial site. The plan shows several buildings, parking areas, and streets. Key features include:

- Streets:** The plan shows 'S. 10th St.' and 'S. 11th St.' running horizontally. A vertical street, 'S. 12th St.', is also indicated.
- Buildings:** Several buildings are shown with their dimensions. For example, one building is labeled '12,000 S.F.' and another is '10,000 S.F.'. There are also smaller buildings labeled '1,000 S.F.' and '2,000 S.F.'.
- Parking Areas:** There are several parking areas, some of which are labeled with dimensions like '10,000 S.F.' and '12,000 S.F.'.
- Dimensions:** The plan includes various dimensions for lots and building footprints. For example, a lot is labeled '12,000 S.F.' and another is '10,000 S.F.'.
- North Arrow:** A north arrow is located in the upper right corner of the plan.
- Other Features:** The plan also shows a 'DRIVE' and a 'PARKING' area.

Figure 1 shows a polygon with vertices labeled 1 through 11. The polygon is divided into several triangles by lines connecting vertices to a common interior point. The lengths of the sides and the radii of the inscribed circles are given. The area is calculated as the sum of the areas of the triangles.
